Comparison of different
SQL implementations. The
goal of this page – which
is a work in progress – is
to gather information
relevant for people who are
porting SQL from one
product to another and/or
are interested in
possibilities and limits of
'cross-product' SQL.. The
following tables compare
how different DBMS
products handle various
SQL (and related) features.
Comparison of different
SQL implementations - I
continue to share example
codes related with my
–Spark with Python–
presentation. In my last
blog post, I showed how we
use RDDs (the core data
structures of Spark). This
time, I will use DataFrames
instead of RDDs. PySpark
Examples #2: Grouping
Data from CSV File (Using
... -
