economics and sociology, the means of production (also called capital goods) are physical and non-financial inputs used in the production of economic value. These include raw materials, facilities, machinery and tools used in the production of goods and services. In the terminology of classical economics, the means of production are the "factors of production" minus financial and human capital. Thu, 06 Dec 2018 08:02:00 GMT Means of production - Wikipedia - Posted below is an external link to the essay, "Bringing W.E.B.
